Hi Wendy,

Thank you for letting us to know the intention of the meeting, as well who is attending. The discussion items look good. The advisors I am referring to, are the Directors that sit on the Advisory Committee, sorry for not clarifying.

See you Friday,
Lori

Hello Lori,

Just confirming things prior to our meeting on Friday. We would like to discuss the following items if its agreeable:

- follow up to the meeting Peter had with Doug Wentzell and Kevin Stringer (Wendy)
 - ESFPA role in the process (Wendy/Tanya)
 - current and future funding (Wendy/Tanya)
- lobster risk assessment (Leah/Tanya)
- next steps in process (Wendy/Tanya/Marty)

As I mentioned before, I'm hoping that this will provide an opportunity for the ESFPA advisors to have an open discussion with us. As noted, I will be bringing Tanya Koropatnick, Leah McConney and Marty King. We can stay until at least mid-afternoon but I will leave that up to you folks.

For my benefit, when you use the term "advisors" are you referring to the Directors who sit on the Advisory Committee?

Thanks,

Wendy

Hi Wendy,

Sorry for not getting back to sooner. Will Friday the 18th work for you. The office is located in Head Jeddore, we also invited the ESFPA advisors,(7). Will 10:00 am work?

Hi Lori,

[REDACTED]

I'm contacting you today because I would like to get in touch with Peter to see if he would be interested in having a meeting with me prior to the next Eastern Shore Islands Advisory Committee meeting on January 22. I'm hoping to have a chance to discuss the lobster risk assessment with him in detail prior to the discussion with the AC, giving him an opportunity to ask any questions he may have. I would also like to discuss future funding to the ESFPA for ESI-related projects. I can drive to the ESFPA office to meet.

Could you please let me know if I should get in touch with him directly or if you will pass this on to him?

Thanks,

I reviewed my emails with Lori (below) and I was wrong about the ESFPA Directors. It's not all of them but 7 advisors so they must be the AC members. I think the agenda should be :

- follow up on mtg with Doug and Kevin S
- risk assessment: brief overview and Q+As (Leah/Tanya)
- funding and potential projects (Wendy/Tanya)
- scallop meeting (Marty)
- next steps in process: maybe discuss if there is room for changes to address needs of ESFPA???? (Wendy/Tanya)

Hi all,

It was good seeing you all yesterday. I felt that it was a constructive meeting!

I don't know if anyone mentioned, but we have our AGM scheduled for March 20. If the next Advisory Committee meeting is afterward, then we will have had a chance to talk to our membership. Just wanted to let you know in case it weighs in on the next meeting date.

All the best,
Candace

What is the name of the documentary Peter has been talking about where an MPA closed down a fishery? He said it to me the other day but I can't remember what it was called.

Hi Tanya,

We HAVE received the letter, handed to Peter on paper by Wendy at the Ministers conference on Wednesday.

I believe we are open to discussing this but will have to confirm with you as soon as possible. It's good timing as we're in the process of looking at our budget.

We'll be in touch!

Hi Lori and Candace,

I hope all is well with you both!

Just wanted to check in on a couple of things now that the Advisory Committee meeting has happened:

1. We understand that the letter from the Minister is coming soon (if it hasn't already been sent). Maybe let us know when you receive it so we can stop worrying about it.
2. We remain interested in meeting with members of the association to better scope our fisheries activities and update the available data for our risk assessment. Let us know how you wish to proceed once you have checked in with your membership.
3. We would like to meet with you in the next couple of weeks to talk about potential for funding for next fiscal year. The current Agreement ends March 31st. Also please note that we have received an "Access to Information and Privacy" request for our current Agreement with the ESFPA. We have been notified by our ATIP office that the document will be released to the anonymous requestor today.
4. Finally, in response to the request by one advisory committee member for further transparency, are you ok with us posting our summary from the October ESFPA working group meeting on our website? It would be the same summary that we also circulated to the Advisory Committee in December.

Thanks, and hope to see you soon.
